

# Intensive English and Research Activities with European Academy of English for Health Professionals

Nicola Giannotti BSc PhD (Candidate)

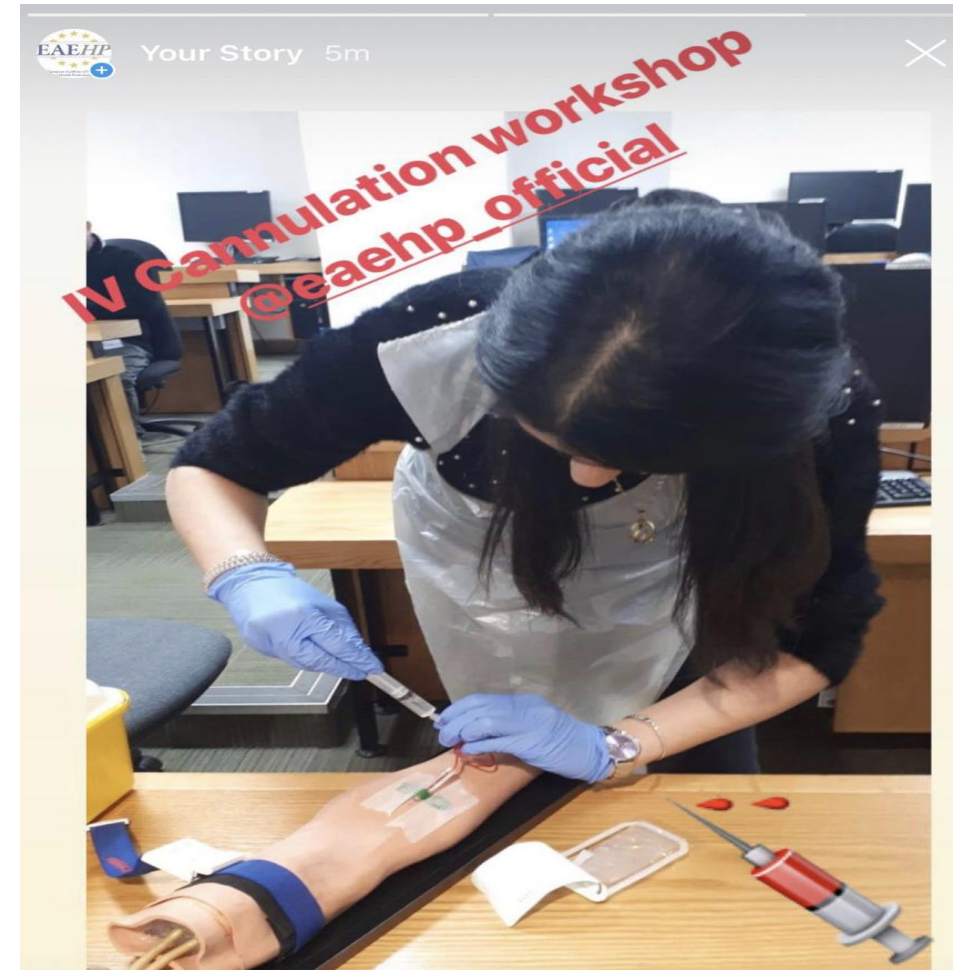

# Mission

- Provide professional English language training to Health Professionals
- To facilitate international professional and research collaborations
- To encourage participation in international scientific meetings
- To improve employment opportunities

# Who we are?

- Delivering Scientific English Courses since July 2013
- Partnership: University College Dublin & University of Malta
- Mix of lectures, interactive LABs and workshops
- Excellent facilities and excellent lectures

# Interactive LABs & workshops

# Course structure

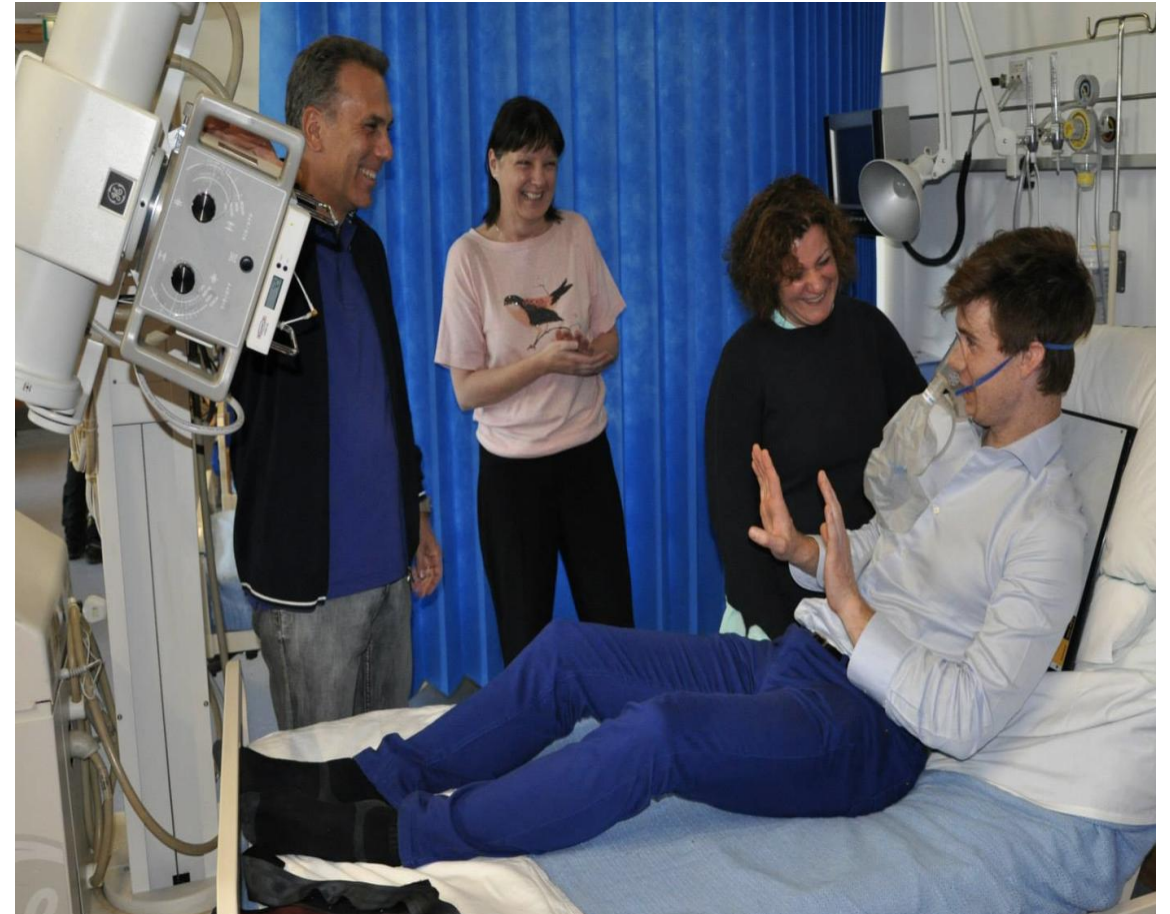

## Course content themes:

1. Technical English language for Healthcare professionals (i.e. radiographers)
2. Communication with patients in English
3. Preparing for conference presentations
4. Research activities

# Technical language for Radiographers

Dedicated sessions on key terminology used in:

- X ray, CT, MRI & interventional radiography
- Image viewing sessions
- Image critique
- Radiographic anatomy / pathology
- Glossaries of key terminology
- Test your skills!

# Communication with patients in English *Aitr*

## Practical role-play scenarios in a clinical skills LAB:

- Diagnostic questions
- Imaging technique terminology
- Patient - operator
- Patient monitoring equipment terminology

# Preparing for conference presentations

## Writing an abstract

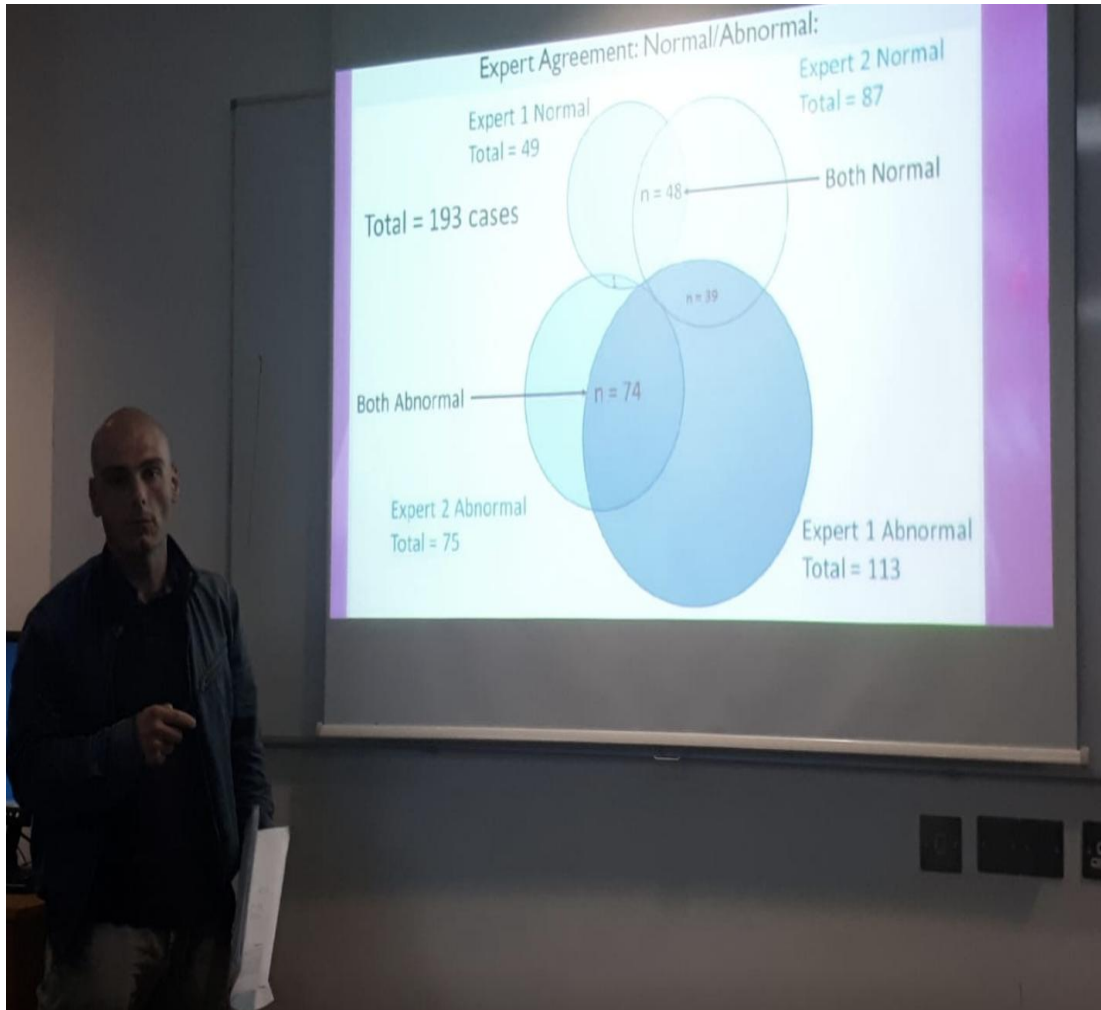

## Presentation skills:

- presentation structure, useful phrases, and linking sections.
- sample videos of good and bad scientific presentations reviewed in class.

Participants give an informal presentation initially followed by a short, formal scientific presentation at the end of the course

# Preparing for conference presentations

# EAEHP Certificate of Completion

# Current partnerships

## National Radiography Societies:

- AITRI (Italy)
- AETR (Spain)
- ATARP (Portugal)
- DVTA (Germany)
- Radiograf Radet (Denmark)

EAEHP – ESR collaboration

# Accommodation

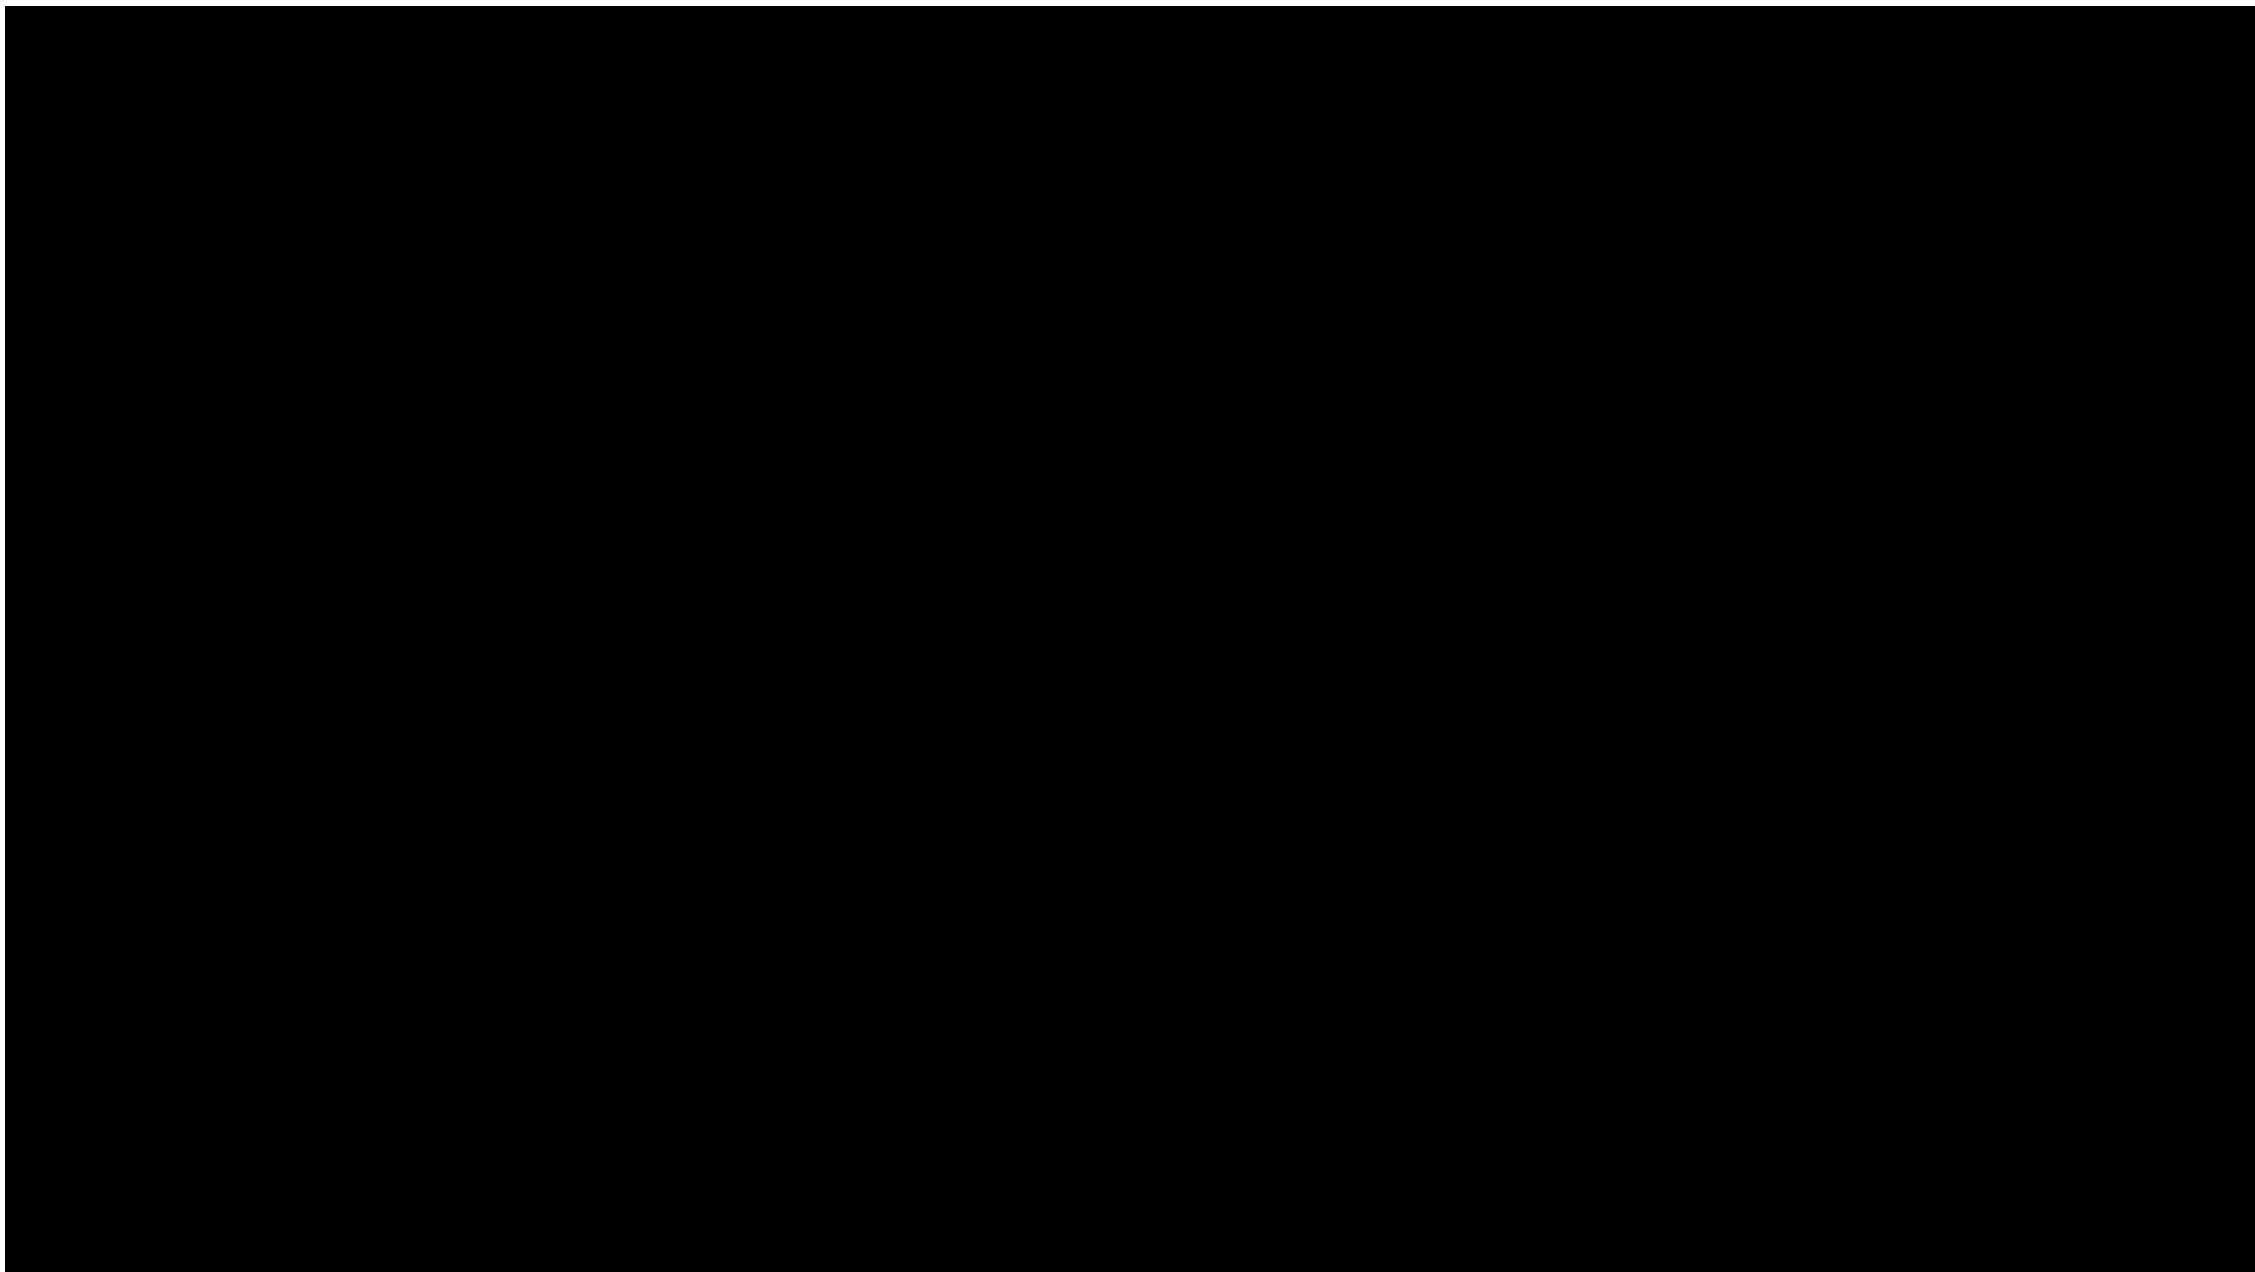

Dublin, selected accommodation with a host family can be arranged and is recommended in order to fully immerse yourself in the language and gain maximum benefit from your time

Malta, we recommend the use of our accommodation service where selected accommodations are available from at discounted prices

# Social events

# Next course

**University of Malta (2<sup>nd</sup> – 6<sup>th</sup> December, 2019), Malta**
